

Website Development & Service Agreement

This Agreement ("Agreement") is made between the undersigned client (hereinafter referred to as "Client") and Jordan Lang, doing business as DopeSites (hereinafter referred to as "Service Provider"). This Agreement outlines the scope, terms, and payment structures related to the design, development, and deployment of a professional website and related services.

Client Information

Client Name: _____

Company: _____

Address: _____

Phone: _____

Email: _____

Scope of Work

The Service Provider agrees to design, develop, and deliver a fully functional, mobile-responsive business website, including customary pages such as Home, About Us, Contact, Services, Gallery, and Blog. The website will be developed according to the Client's industry specifications, ensuring optimal performance, SEO readiness, accessibility compliance, and modern design practices. The Service Provider will provide project updates throughout development and maintain open communication with the Client to ensure satisfaction.

Payment Models

Client shall select one (1) of the following service models:

Option A – Flat-Fee Purchase

Under this model, the Client purchases a fully configured and delivered website for a fixed amount of \$5,000. Ownership, control, and all rights to the final website and associated assets transfer to the Client upon full payment. This option is ideal for businesses seeking total control post-launch without ongoing service obligations.

Optional installment plans are available, subject to a 5% APR applied to each payment period. Late payments are subject to a \$25 service fee and may delay project completion.

Category	2 Months	4 Months	6 Months	12 Months
----------	----------	----------	----------	-----------

Interest	5%	10%	15%	20%
Monthly Payment	\$2,515.64	\$1,276.15	\$870.17	\$463.17
Total Amount Paid	\$5,031.27	\$5,104.60	\$5,221.01	\$5,558.07

Option B – Monthly Subscription Service

Under this plan, the Client receives a fully developed and maintained website at no upfront cost. The Client agrees to a 24-month term at \$400/month with an additional technology fee of up to \$50/month for hosting and traffic scaling. This includes full-service management, hosting, maintenance, backups, feature updates, and 24/7 support. Ownership transfers after all 24 payments are made.

Option C – Small Payment with Royalty Incentives

This model allows for a lower entry cost with a \$1,000 one-time payment followed by a \$1 royalty per jar sold (retail, online, or event) for 5 years. Wholesale sales are excluded. Royalties are payable monthly. After 5 years, royalty obligations end, and all intellectual property transfers to the Client.

Ownership & Intellectual Property

All materials, source code, media, and intellectual property created under this Agreement shall remain the property of the Service Provider until full payment or completion of the contractual period, depending on the chosen model. Upon fulfillment of obligations, all rights and assets transfer to the Client.
